WISSENSWERTES

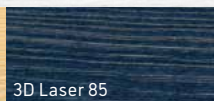

Bei Holzbeschichtungen ist die Optik des Endergebnisses abhängig vom Untergrund und verwendeten Produkt. Der Endfarbton setzt sich aus dem Holzfarbton, der Beschichtung und der Auftragsmenge zusammen. Die Farbauswahl ist nahezu unbegrenzt. Über 10.000 Farbtöne stehen über ColorExpress zur Abtönung bereit. Unsere Standardfarbtöne der Classic und Grey & Silver Farbtonfächer sollen dabei Anregung und Inspiration sein.
